The Tennis Court lights will allow nighttime play between the hours of 5PM and 12AM. To activate the lights you need to be familiar with the rotary control timer located to the left of the gate when you enter the fence. The Association suggests that you familiarize yourself with these timers during the day so that you know where they are located. The timer runs for 1 hour, remember to turn it back again before it goes off. If the lights are shut off or go off by themselves, they need to COOL for 15 minutes

before they can come back on!!
